

## Omnion

## Hercules and Love Affair

Omnion  
Are you there?  
Can you hear my voice tonight?  
If I am your child  
Why have you put so much in my life  
To fight

Over the years my heart has hardened  
The pain has been great  
I'm not the man people used to see

Omnion  
Are you there?  
I want to be the best man  
That I can be

So can you help?  
Can you help from beyond?  
Can you help?  
Can you help from beyond?

Omnion  
When will I smile?  
Ran out of time to see my ride  
To joy

Do you have a place for me?  
It's what I wanted since I was  
A boy  
Now it's more than ever  
Now I need love

Omnion  
Are you there?  
I need to know  
There's nothing to be scared of

So can you help?  
Can you help from beyond?  
Can you help?  
Can you help from beyond?

So can you help?  
Can you help from beyond?  
Can you help?  
Can you help from beyond?
