Hercules and Love Affair

I'm not a visitor
But Ive got some words for you
That voice that you refused will not come back to you
We are done with words
It's time for noise
We are done with words
It's time for toys

It's no time to stand
It's time to jump
No time to sleep
It's time to bump

Bump

You've got to take no more
Use up all your goods
You've got to hit the floor
It's time you understood
Give up your quite life
Do what your instincts say
Drop the same old thing
Roll around and play

It's no time to stand
It's time to jump
No time to sleep
It's time to bump

It's no time to stand
It's time to jump
No time to sleep
It's time to bump

It's time to jump
It's time to jump
It's time to jump
There's no time to sleep
It's time to jump
It's time to jump

I'm not the visitor
I'm not the visitor
I'm not the visitor
I'm not the visitor
