

# Controller

## Hercules & Love Affair

Move me like a controller  
Tell me what to do  
Use me like a controller  
All the way through  
Keep me under your power  
Cast the spell  
Move me like a controller  
And move it well

Use me  
Use me  
Move me  
Move me

Move me, it's all I want  
Use me, it's all I want  
Take all of me, it's all I want  
Cause I love what you're making me do

Hurt me like a controller  
Save the world  
Use me like a controller  
Around that time  
Show me all of the power  
Show me who's on top  
Move me like a controller  
I know she's top

Use me  
Use me  
(What you make me do  
What you make me do)  
Move me  
Move me  
(What you make me do  
What you make me do)

Move me, it's all I want  
Use me, it's all I want  
Take all of me, it's all I want  
Cause I love what you're making me do

Move me, it's all I want  
Use me, it's all I want  
Take all of me, it's all I want  
Cause I love what you're making me do

Tell me when to stop  
And when to go  
Cause I love what you're making me do

Tell me when to stop  
And when to go  
Cause I love what you're making me do

Tell me when to stop  
And when to go

Cause I love what you're making me do

Tell me when to stop

And when to go

Cause I love what you're making me do
