

Suffered choir sung verse blue  
Darkest legion, cradle swung  
The word of christ conjures sin  
Strung to bleed, all good undone  
Your grieving mind

Bleeding life's ink to another skin  
Yellow eyes bleached decaying  
Parallel  
Death holds them down  
Death holds them now

Trudge through black  
Bludgeoned flesh  
Wealthy feast like worms in soil  
Denounce the righteous, fallen leaders  
Defile the icon, gouge the eyes

Desire, construct, faith  
Devine, glory, grace  
Rusted, foul, waste  
Gospel, sacred, state

Bleeding life's ink to another skin  
Yellow eyes bleached decaying  
Parallel  
Death holds them down  
Death holds them now
