

Soul Chasm

Heriot

Crave execution
Submissive construct
Crave execution
My vicious nature
Crave execution
Submissive construct
Crave execution
Synthetic

Another process to bare
Wish to forget the gospel
Let me lay in the maw
I hear the hiss of the foul tongues
Thoughts of ember burn my soul
I crave execution

Pure beauty won't grace my soul
My hands pull the rope
Bound in chains
Gravelled palms and bloody nails

Crave execution
Submissive construct
Crave execution
My vicious nature
Crave execution
Submissive construct
Crave execution
Synthetic
