

You Take My Breath Away

Herman van Veen

Look into my eyes and you'll see I'm the only one
You've captured my love stolen my heart
Changed my life
Every time you make a move you destroy my mind
And the way you touch
I lose control and shiver deep inside
You take my breath away

You can reduce me to tears with a single sigh
Ev'ry breath that you take
Any sound that you make is a whisper in my ear
I could give up all my life for just one kiss
I would surely die if you dismiss me from your love
You take my breath away

So please don't go
Don't leave me here all by myself
I get ever so lonely from time to time
I will find you anywhere you go
I'll be right behind you
Right until the ends of the earth
I'll get no sleep until I find you
To tell you that you just take my breath away

I will find you anywhere you go
Right until the ends of the earth
I'll get no sleep until I find you
To tell you when I've found you
I love you

Take my breath take my breath ... away
