

## Flush with Love

Hermitude

I want you to see the way you look at me  
The way you look at me  
I been on the brink  
I been on the brink, yeah

I want you to feel the way you touch me  
The way you touch me  
I been on the brink  
I been on the brink, yeah

I want you to see the way you look at me  
The way you look at me  
I been on the brink  
I been on the brink, yeah

Waves of release wash over me  
Flush with love  
I'm with you  
I'm with you  
Flush with love

'Cause I'm flush with love, yeah  
Flush with love  
I'm with you  
Flush with love

Tender to touch

I want you to see the way you look at me  
The way you look at me  
I been on the brink  
Driving me wild, I been on the brink, yeah

Flush with love  
I'm flush with love  
I'm with you  
Flush with love  
I'm with you  
Flush with love
