

Don't Think It Over

Her's

Leave your head
You're trying to figure what she's thinking
It could be nothing
Nothing good, a premonition
But it's hard to say you'll brush it off
That feeling of losing her
Over weighs the fact
You gotta let it go

Hold tight
If you're feeling bad only add weight to your mind
Knows that
Get it back
Losing that grip on your pride

She'll take her time
I gave her mine
Sit back, don't think it over
You'll be alright

Still you sweat
Over what she could be doing
It's a simple threat
Is it only the beginning?
Did you wake up late
And take it back
From right back until you ask
You don't know nothing
You gotta let it go

Hold tight
If you're feeling bad only add weight to your mind
Knows that
Get it back
Losing that grip on your pride

She'll take her time
I gave her mine
Sit back, don't think it over
You'll be alright

She'll take her time
I gave her mine
Sit back, don't think it over
You'll be alright

You'll be alright
