

# Missing Piece

Hev Abi

You're the key to my door, see how I glows  
'Cause you (Shi)  
Baby it's true, see bein' with you is amazing  
I know that I'm an alien  
Sad as fuck, weird as fuck  
But I never heard you complainin'  
You a goddamn angel  
Without you, I'd probably be a goddamn failure  
You're my life and lifesaver  
Plus I like your flavour  
So it's a win-win  
Baby, you're the missin' piece of my life, uh

Piece of my life  
Missin' piece of my life  
Piece of my life  
You know you the missin' piece of my life, uh  
Piece of my life  
Missin' piece of my life  
Piece of my life  
You know you the missin'-

You're the missin' piece, you're the recipe  
You're the killer piece to my entity  
Who'd know that we'd go this far, me and a golden star  
Rollin' rollin' in the universe, go to Mars  
Go to wherever, baby you choose  
If they ever disrespect you, you know I got the tool  
And those type of foolish things, I know you don't like  
I know I fuck up a lot, but for you it's alright, uh

I'ma get my shit straight, don't care if it's a bit late  
Keep it together if you don't want your heart displaced  
Ain't no replay  
Your real life converts to your [?]  
We are the same thing, we was born young and we die  
Shit baby, end time was split that's for sure  
But not 'cause we don't want each other no more  
And you will always have a seat in my ride  
Miss Missin' Piece in my life

I know you feel the vibe  
I know you can see joy in my eyes  
Oh, I might not let go, might not even change tempo  
You're my type, no lie  
Feels so bright tonight  
Oh you're my, last missin' piece (Oh)  
I know you feel the vibe  
I know you can see joy in my eyes  
Oh, I might not let go, might not even change tempo  
You're my type, no lie  
Feels so bright tonight  
Oh you're my, last missin' piece, uh, oh, uh

Miss Missin', I know that we're different  
I know it gets hard  
But we don't forget to listen to each other's hearts

'Cause we don't wanna be apart, we don't want no destruction  
We discuss it, it's an art  
It's the love, it's the lust, it's the hate  
Call it what you want  
It's the days or the fuckin' or arguin' on the phone  
But I love you, I swear to God, I love you  
And who the fuck even said that we need to be perfect?

Nah girl, you're worth it  
You've held me down when I was in my worst shit  
Never turned around, you're the only one I talk with  
Everything, turned me into a better man  
Opened my eyes, now I only see the better things  
I'ma put a ring on it 'cause you're the one I like  
When it's dark, baby you're the only light  
That's why you will always have a seat in my ride
