

Entangled in Sin

Hexx

What's a life worth put in the cold earth
To wither and fade, wither and fade?
I'm just a man with an appetite for the good times
Let the good times roll!
Guilty more than once of a lustful heart
Passions prisoner, fornicating fool
Sometimes I might go where the wind blows
Might take me far away, take me far away

Made some big mistakes
Took more than I should take
Don't judge me now, don't judge me now
Tempted more than once along a rocky trail
I did the best I could, that's what I tell myself
Dante's inferno lies in wait for me
Another evildoer's immoralities
Sometimes I might go where the wind blows
Might take me far away, take me far away

My daddy was a preacher whose flock ran away
He lost his mind so no one would stay
He was smoking, drinking, and jerking off to porn
I was a sinner before I was born!
Entangled in Sin, that's how I like it
That's how I like it, that's how I like it, Yeah!
