

Mixtape For Christmas

Hey Monday

You make the holidays so lovely darlin
You give me butterflies like when we started
Our lovin' feels so precious
It's like a winter wonderland
There's nothin' more I can ask for this year

Than our mixtape for Christmas
with all our favorite songs
I'd stay here forever if you'll sing along
Just us and the fire, we're swayin' to the beat
There's no place I'd rather be
Than here listenin' to our mixtape

We keep each other warm when winter kicks in
This is my favorite season just because
of magic turns up loud
and I just don't get how
I could ever spend the 25th without

Our mixtape for Christmas
with all our favorite songs
I'd stay here forever if you'll sing along
Just us and the fire, we're swayin to the beat
There's no place I'd rather be

I'm a brand new me
and all of the lights are shining
I can't stop smilin' with you by my side

Our mixtape for Christmas
with all our favorite songs
I'd stay here forever if you'll sing along

Our mixtape for Christmas
with all our favorite songs
I'd stay here forever if you'll sing along
Just us and the fire, we're swayin to the beat
There's no place I'd rather be
