

Clean

Hey Violet

I was hooked on ya
Couldn't get you out of my veins
Every day on ya
Serotonin toxic I crave ya

Half my shit was over at your place, and I'm
Pretty sure our friends are all the same, oh god
Break ups get so messy
Don't know how I came out

CLEAN
My conscience is
CLEAN
I broke it off
CLEAN
I've washed my hands of you
CLEAN
I wiped the slate
CLEAN
There ain't a trace
CLEAN
I've washed my hands of you

Like hallelujah (Hallelujah)
I saw the light (I saw the light)
Like hallelujah (Hallelujah)
Made it to the other side
CLEAN (clean)
CLEAN (clean)
CLEAN (clean)
I've washed my hands of you

Your fingerprints
There ain't a sign of them on my body
But looking back now
I can't believe how dirty you got me

Like making me feel like I always needed you
Finding myself doing shit I never do
Breakups get so messy
Don't know how I came out

CLEAN
My conscience is
CLEAN
I broke it off
CLEAN
I've washed my hands of you
CLEAN
I wiped the slate
CLEAN
There ain't a trace
CLEAN
I've washed my hands of you

Like hallelujah (Hallelujah)
I saw the light (I saw the light)

Like hallelujah (Hallelujah)
Made it to the other side
CLEAN (clean)
CLEAN (clean)
CLEAN (clean)
I've washed my hands of you

I've washed my hands of you

I'm so clean no one believes that you were every here
I'm so spotless people thought that you just disappeared

CLEAN
My conscience is
CLEAN
I broke it off
CLEAN
I've washed my hands of you
CLEAN
I wiped the slate
CLEAN
There ain't a trace
CLEAN
I've washed my hands of you

Like hallelujah (Hallelujah)
I saw the light (I saw the light)
Like hallelujah (Hallelujah)
Made it to the other side
CLEAN (clean)
CLEAN (clean)
CLEAN (clean)
I've washed my hands of you

I've washed my hands of you
