

Forget About Us

Hey Violet

Just wanna forget about us
Baby, let me forget about us, oh

Holding you so close to me
Shutting blinds at half past three
Memories like these keep on keeping on
No choice but to replace you
No option but to trace the lines on his fingers
But they always lead me back to you

(Ah, ah, ah, ah)
When we're all alone and he's driving me home
(Ah, ah, ah, ah)
But I'm thinking about you

When we make out in his car
Climb into the back seat
Like we're in a taxi, one touch
It's what I gotta do
It doesn't matter who
Just help me to forget about love
And all my fucking baggage
An innocent distraction right now
A taste of someone new
Anyone but you
So I can forget about us

Just wanna forget about us
Baby, let me forget about us, oh

No matter how deep he goes
It doesn't push the thoughts of you away
And I hope I don't utter your name
When I'm asleep in his embrace
Dreaming 'bout your pretty face
And how you've moved on

(Ah, ah, ah, ah)
When we're all alone and he's driving me home
(Driving me home) (Ah, ah, ah, ah)
But I'm thinking about you

When we make out in his car
Climb into the back seat
Like we're in a taxi, one touch
It's what I gotta do
It doesn't matter who
Just help me to forget about love
And all my fucking baggage
An innocent distraction right now
A taste of someone new
Anyone but you
So I can forget about us

Just wanna forget about us
Baby, let me forget about us, oh
Just wanna forget about us

Baby, let me forget about us, oh

Ah, ah, ah, ah, ah, us
Just wanna forget about us
(Forget about us)
Ah, ah, ah, ah, ah, us
Baby, let me forget about us, oh
(We're all alone, yeah, yeah)
Ah, ah, ah, ah, ah, us
Just wanna forget about us
(Forget about us)
Ah, ah, ah, ah, ah
Baby, let me forget about us, oh

Climb into the back seat
(Climb into the back seat)
Like we're in a taxi, one touch
It's what I gotta do
It doesn't matter who
Just help me to forget about love
(Forget about love)
And all my fucking baggage
An innocent distraction right now
A taste of someone new
Anyone but you
So I can forget about us

Ah, ah, ah, ah, ah
Just wanna forget about us (Oh, whoa)
Ah, ah, ah, ah, ah
Baby, let me forget about us, oh
(Forget about us)
Ah, ah, ah, ah, ah, us
Just wanna forget about us
(Forget about us)
Ah, ah, ah, ah, ah
Baby, let me forget about us, oh
(Forget about us)
Ah, ah, ah, ah, ah
Just wanna forget about us
Forget about us
(Baby, let me forget about us)
Forget about us
Forget about us
Just wanna forget about us
Baby, let me forget about us, oh
