

Where Have You Been (All My Night)

Hey Violet

I got secrets in my pocket and I'll pass them on if anybody wants to try
I got all this information but I keep it to myself 'cause that's how I survive

A thousand eyes are watching
But no one's really talking to me
A thousand eyes are watching
And this is getting awkward now

Where have you been all my night
'Cause this party isn't started 'til you arrive
Where have you been all my night
I been watching all the lovers from the outside

So can anybody see me or would anybody notice if I disappear
I keep hoping that I'm dreaming 'cause I'm drowning in my feelings and this shit's surreal

Where have you been all my night
'Cause this party isn't started 'til you arrive
Where have you been all my night
I been watching all the lovers from the outside
Where have you been
Where have you been
Where have you been
All my night

Even if it takes all night
Even if it takes all night
Even if it takes all night
(Where have you been)
Even if it takes all night
Even if it takes all night
Even if it takes all night

A thousand eyes are watching
But no one's really talking to me
A thousand eyes are watching
And this is getting awkward now

Where have you been
Where have you been
Where have you been all my night
'Cause this party isn't started 'til you arrive
Where have you been all my night
I been watching all the lovers from the outside
Where have you been
Where have you been
Where have you been
All my night

Even if it takes all night
Even if it takes all night
Even if it takes all night
(I'll be waiting)
Even if it takes all night
Even if it takes all night
Even if it takes all night

(I'll be waiting)
Even if it takes all night
Even if it takes all night
Even if it takes all night
(I'll be waiting)
Even if it takes all night
Even if it takes all night
Even if it takes all night
