

# Work Things Out

Hezekiah Walker

Whatever the problem you're going through God can  
God can work it out  
God's got the power to see you through God can  
God can work it out  
All power is in his hands  
Everything moves at his command  
Oh What he promised in his word you can stand  
God's word  
Will work things out  
And I know that he's able to  
God's word  
Will work things out  
What ever you are going through  
God's word  
I know that the lord will  
Will work things out  
He is able to work it out  
God's word  
I know that the lord will  
He'll work it out  
Work it out  
Work it out  
He will  
He will  
He will  
Work it out  
Whatever the problem you're going through God can  
God can work it out  
God's got the power to see you through God can  
God can work it out  
All power is in his hands  
Everything moves at his command  
Oh What he promised in his word you can stand  
God's word  
Will work things out  
God's word  
Will work things out  
God's word  
Will work things out  
God's word  
Will work things out  
God's word  
Will work things out  
God's word  
Will work things out  
He will  
He will  
He will  
Work it out  
  
Eh eh Work it out  
Work things out  
I believe that the Lord will  
Work things out  
I know that he's able  
Work things out  
I know he's more than capable  
Work things out  
To do exceedingly, abundantly

Work things out  
Above what I ask or think  
Work things out  
My faith not gonna fail me  
Work things out  
But God's gonna bring me out  
Work things out  
Hey heey he will  
Work it out  
I got no doubt that the Lord will work it out  
Work it out  
While I'm trying to figure it out  
Work it out  
He's already, he's already worked it  
Work it out  
No matter what I go through he will  
Work it out  
In my home, on my job the Lord will  
Work it out  
Be not weary in your well doing  
Work it out  
For in due season the Lord is gonna

Work it out  
He's gonna come through and work it out

Work things out  
Work things out  
I know that the Lord is able to  
Work things out  
No matter what I go through  
Work things out  
He's gonna be right there for me  
Work things out  
His word is gonna carry me through  
Work things out  
Cause it's a lamp unto my feet  
Work things out  
And a light unto my path  
Work things out  
I got it hidden in my heart  
Work things out  
So when I need him to work it out  
Work things out  
I can tell them I look to the hills  
Work things out  
From whence cometh my help  
Work things out  
I know all of my help  
Work things out  
It's coming straight from the Lord  
Work things out  
He'll never leave me not forsake me  
Work things out  
He sticks closer than a brother  
Work things out  
So I'm depending  
Work it out  
I'm believing  
Work it out  
I'm depending  
Work it out  
I'm trust him

Work it out  
In the Lord  
Work it out  
I'm gonna wait  
Work it out  
For him to  
Work it out  
Work it out  
Work it out  
Work it out  
Work it out  
C'mon Lord  
Work it out  
See about me  
Work it out  
C'mon Lord  
Work it out  
Work it out  
Work it out  
In my favor  
Work it out  
Work it out  
Work it out  
Move for me  
Work it out  
On my behalf  
Work it out  
Do it Lord  
Work it out  
Work it  
Work it out  
Work it  
Work it out  
Work it  
Work it out  
Work it out  
Work it out  
Work it out  
Work it out  
Work it out  
I need you  
Work it out  
To work it out  
Work it out  
In my home  
Work it out  
On my job  
Work it out  
In my family  
Work it out  
Work it out  
Work it out  
In my money  
Work it out  
Work it out  
Work it out  
I need you  
Work it out  
To work it out  
He will  
He will  
He will  
Work it out  
Yes he will

He will work it out
