As One

Hi-Five

Everything feels so right
Since you became my girl
I feel the special bond of love
Between you and I

The kinda love that will last forever
In the day, oh, I pray

That we will stay this way for always
'Cause we were meant to be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

You have made me realize
You're the best girl in the world
And I treasure every moment with you

I never thought that our love
Would ever be this way, I'm here to stay

I don't wanna live without you
'Cause we were meant to be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

Baby girl, the love I have for you
Is oh, so deep
Every time you touch me
I feel myself getting weak

Inseparable, you and me
Incredible, love so deep
Insatiable, can't you see
You're all that I need

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

As one, as one, as one, as one forever
Our love will always be forever

We will be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one

As one, as one, as one, as one forever
Our love will always be forever
We will be as one
