

# Fly Away

Hi-Five

Never did I  
Believe in fairy-tales  
Till I met you  
You changed my whole world  
Now I realize love is so special  
Something so true  
And I wanna spend my life with you  
Though never did I think that I could feel this way (girl)  
Love is so real, baby  
Sometimes I feel so all alone  
Then you comfort me  
With your wide open arms

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Fly away on the love

Now that you know how I feel  
About you girl  
Wwatcha gonna do, babe?  
You drive me crazy  
There's no such thing as maybe  
You're my lady  
Yes you are  
There's never been another  
To do what you do when you do to me, girl  
Ohh, hoh  
If I had one wish, girl  
It would be for you and I to fly away  
On a love today

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Fly away on the love

Ohh... yeah

Oh yeah  
You know you feel so good right here  
Let me whisper in your ear  
I wanna tell you everything  
That you always wanted to hear  
Baby let's fly away tonight  
There's nobody here but me and you  
And the sweet candlelight  
So if you ready, I'm ready  
Yo Tony  
Take us home  
I love you, baby

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Fly away on the love

Come and  
Fly with  
Me my  
Love

Come and  
Fly with me

Come and  
Fly with  
Me my  
Love

Come and  
Fly my love

Won't you come and fly  
My love  
My, my...  
Oh baby, come with me

Come and  
Fly with  
Me my  
Love

Come and  
Fly my love

Fly away on the love today  
Fly away on the love

Fly away on the love today  
Come and fly my love

You changed my whole world  
Now I realize love is so special  
Come and fly away

Away  
Yeah, yeah
