

# I Know Love

Hi-Five

I know  
That a guy my age  
Shouldn't be thinking of love  
But the things I used to do  
No longer interest me  
I prefer a kiss and a hug

'Cause I know love  
When I see it  
I may be young  
But I'm not dumb  
'Cause I know love  
When I need it  
Some say I'm before my time  
But I'm not blind, for love  
Ooh, woo...  
For love

I know  
That it's hard to see  
How someone this young  
Can feel this way  
People say it's puppy love  
But tomorrow things will change  
But what about how I feel today?

It doesn't really matter  
That I'm young at heart  
It doesn't mean my heart don't yearn for love  
Put yourself in my place  
How could you be so blind?  
Haven't you felt the way I feel  
Once upon a time  
It ain't always easy (being in love)

Ooh-woo...

'Cause I know love I know love  
When I see it when I see it  
I may be young I may be young  
But I'm not dumb but I'm not dumb  
No no no no  
'Cause I know love  
And I need it  
Some say I'm before my time  
But I'm not blind, for love  
For love  
For love  
For love  
For love  
For love  
For love
