

The Way You Said Goodbye

Hi-Five

Tell me, girl
It's something good between us
Would you miss me like I miss you?

(Oh, oh, girl)
I knew by the way
It was over between you and I
(I can't believe)

Last night we were alone
Just you and I together again
Good times like we've always known
It's so easy girl when you're lovers and friends

But something in the sound of my name
On you lips and the look in your eyes
Told me things would never be the same
Now I can't forget the way you said goodbye

The way you said (goodbye)
I knew by the way it was over between you and I (goodbye)
How can I go on when I don't know the reasons why
The way you said goodbye

I looked back it all seemed so clear
All the things you said that I didn't hear
Changes a few at a time
I didn't see them girl
How could I be so blind?

I thought she knew how much that I care
For you girl, yea you were my life
But just one word and love's no longer there
Tell me why I can't forget the way you said goodbye

The way you said (goodbye)
I knew by the way it was over between you and I (goodbye)
How can I go on when I don't know the reasons why
The way you said goodbye
Tell me why

I just won't take it
Give up without a fight
I can't forget the way you said goodbye huh huh bye bye bye

The way you said (goodbye)
I knew by the way it was over between you and I (goodbye)
How can I go on when I don't know the reasons why
The way you said goodbye
Tell me why
