

Good Vibrations

Hi-Rez

We going on a ride tonight
We gon' take it high tonight
Raise your glasses to the sky tonight
Say oh yeah, oh yeah
We feeling good vibrations
Good vibrations
Good vibrations
Oh yeah, oh yeah
Oh yeah

Yeah, ay
Good times with my friends, ay
Good vibes with the shooting
I know that you got me and I got you
You so real, you never pretend
Every day feel like the soul
We don't let the world be above us
You all my sisters and brothers
Every day a new day to discover
Life and what you make it, and your heart
People gonna break it, ay
No one's chasing your dreams for you
No you gotta go and take it
We get to be on earth
You gotta learn your worth
You gotta keep searching for happiness
And your purpose, it could always be worse

We going on a ride tonight
We gon' take it high tonight
Raise your glasses to the sky tonight
Say oh yeah, oh yeah
We feeling good vibrations
Good vibrations
Good vibrations
Oh yeah, oh yeah
Oh yeah

Feeling good vibrations
Good vibrations
Good vibrations
Oh yeah, oh yeah
Oh yeah
