

Lies

Hi-Rez

When you're stuck underground
You can only hear a sound
Oh the world is the coldest place
In the midst of the lies
That they pull over our eyes
But I'm not gon' sit down and wait

Ay
All of these sheep are stuck in the maze
Stuck in a daze, I'm so amazed
Psychological or up in your mind
But I'm Neo and I'm ducking 'em strays
They lecturing all of us on climate change
Then they go jump in they plane
I don't trust no one but God nowaday
So you know I'm keeping mine tucked away
Surrounded by clowns, feel like I'm drowning
Open my mouth, don't make a sound
All of these people would rather be slaves
Than actually think for themselves for a change
Ain't no more keeping the peace
So I gotta keep me a piece when I'm in the streets
The people asleep, brainwashed watch by TV
Putting their trust in Washington, D.C.

When you're stuck underground
You can only hear a sound
Oh the world is the coldest place
In the midst of the lies
That they pull over our eyes
But I'm not gon' sit down and wait

You can lead a horse to water
But you cannot force him to drink
You can show a person the absolute truth
But you cannot force him to think
Pulling the wool right over your eyes
Hating the truth and y'all loving the lies
Dividing, distracting, that's all by design
But I'm not surprised that the devil disguising
They leading you all into slaughter
So that's why I'm putting my trust in the Father
Wanna confuse all your sons and your daughters
Put fluoride [?] in all the water
Distracted by all the award shows
Celebrity gossiping wardrobes
Buying things that y'all can't afford
Just to impress some people that you don't know

When you're stuck underground
You can only hear a sound
Oh the world is the coldest place
In the midst of the lies
That they pull over our eyes
But I'm not gon' sit down and wait

They turning us against each other

Oh yeah they love to see us fight
Oh we are sisters and we're brothers
We gotta open up our eyes

When you're stuck underground
You can only hear a sound
Oh the world is the coldest place
In the midst of the lies
That they pull over our eyes
But I'm not gon' sit down and wait
