

Programmed

Hi-Rez

Haha

Watch the news
'Bout the new follow rules
Lead to fools, cop the shoes
Every-day cause we programmed
They all pick what we choose
All the same who is who
Every-thing that we do we program

Look!
They want us brainwashed still we have the same thoughts
Say the wrong thing and they'll put us in the same box
One world, one currency and no god
I won't let them piss on me and tell me that it's rain drops
Lies where they sellin' at
Truth, they don't tell us that
I don't care if you're a republican or a democrat
Ain't hear'n what you tellin' me
We are not the enemy
They pushing their narrative through these Hollywood celebrities
We livin' in the matrix
Everyday the same shit
You don't like the history, you just try to erase it
You don't like somethin' or somebody, you replace it
Everything is sexist, everything is racist
Every claim is baseless, everything is tainted
I love my life but the American Dream, it's so tasteless
Time that we face it, I don't fear no man
Why you think they've been calling these TV shows programs?

Ayy capitalism
Got us trapped in a prison

Killing people over Jordan's while they laughin' and chillin'
The liquor store and fast food
Gotchu in a bad mood
A-All lives prolly the size, don't really value
Criminals lock up citizens
Killin' all of the witnesses
What type of bullshit is this?
The world that we living in
There's an app to find love
There's an app to buy drugs
There's no app to find us
While they spraying our crops
They want you hatin' the cops
They want you hatin' your moms
They want you hatin' your pops
Want us hatin' each other, that's how they divide and conquer
Sell your soul if you want an easy way to the top
I've been prayin' to God
I know He hearin' the call
They just playin' your emotions, gotchu fearin' it all
It's love over here, not that fake stuff neither
I'll de-program myself, I don't need ya

You and I are told increasingly we have to choose between a left or right
Well I'd like to suggest there is no such thing as a left or right
There is only an up or down
In this present crisis, government is not the solution to our problem
Government is the problem!
