

Fall

Hi-Standard

Wash out hurry up!
before I get too late
Any footsteps of my past
Can't be remained
Light a candle
and pray the god!
I'm afraid I go mad
or else this doomed moments
wouldn't let me go
FALL-every part
of rimbs trembles feel so bad
How long will it last
Just bad dreams
Can you break my ball
and chain now?

Wash out hurry up!
before I get too late
Any footsteps of my past
Can't be remained
Light a candle
and pray the god!
I'm afraid I go mad

or else this doomed moments
wouldn't let me go
FALL-every part
of rimbs trembles feel so bad
How long will it last
Just bad dreams In the darkness
I'm still staying alone
As though I'm an old age man

don't feel any existance
don't feel any existance
don't feel any emotions
don't feel any emotions
anyone I accounts gone away!

I'm just dancing
on the devils palm
Can you here me?
I'm over here
Can you help me?
I'm right here.....
