

## Fall

Hi-Standard

Wash out hurry up!  
before I get too late  
Any footsteps of my past  
Can't be remained  
Light a candle  
and pray the god!  
I'm afraid I go mad  
or else this doomed moments  
wouldn't let me go  
FALL-every part  
of rims trembles feel so bad  
How long will it last  
Just bad dreams  
Can you break my ball  
and chain now?

Wash out hurry up!  
before I get too late  
Any footsteps of my past  
Can't be remained  
Light a candle  
and pray the god!  
I'm afraid I go mad

or else this doomed moments  
wouldn't let me go  
FALL-every part  
of rims trembles feel so bad  
How long will it last  
Just bad dreams In the darkness  
I'm still staying alone  
As though I'm an old age man

don't feel any existance  
don't feel any existance  
don't feel any emotions  
don't feel any emotions  
anyone I accounts gone away!

I'm just dancing  
on the devils palm  
Can you here me?  
I'm over here  
Can you help me?  
I'm right here.....
