

Going Crazy

Hi-Standard

Bullshit!! What the f*ck!!
You want some fame? Want some money?
You're fake!! What did you say?
You want some props? What's so funny?
No, I don't need a good story
No, I don't need a sad story
No, I don't need you
No, I don't need you
No, I don't need your fantasy

You think you are best
You're a superstar in your fanclub
You say you do it for me
You push it too far with no love
No, I don't need a good story
No, I don't need a sad story
No, I don't need you
No, I don't need you
No, I don't need your fantasy

I'm going crazy
I can be lazy in your world
Don't wanna lose my feelings

It's all over now
I'm going crazy
I can be lazy in your world
Don't wanna fake my feelings
It's all over now

Once again.What the f*ck!!
You want some fame? Want some money?
You're fake!! What did you say?
You want some props? What's so funny?
