

# Start Today

Hi-Standard

I gotta start today with a brand new feeling  
Get rid of evil thoughts and prime my mind  
I take it as it is in this chaotic world  
Recognize and choose my own values

I was taught by my life  
Nothing Comes from nothing  
So I gotta move all the time  
I gotta find my place  
The most important thing is  
To keep your faith strong

I gotta start today with a brand new feeling  
Under the sun  
What's my purpose in life  
I've got precious love  
It's in my body  
I will keep and protest it forever

Was taught by my life  
Nothing Comes from nothing  
So I gotta move all the time  
I gotta find my place  
The most important thing is  
To keep your faith strong
