

## Time To Crow

Hi-Standard

I made a mess and thought I'd apologize tomorrow  
But when I woke up I was a rooster  
No matter hard I tried to say a word I couldn't  
All I could say was cock-a-doodle-doo

Oh Oh  
I think I'm in deep shit now  
Oh Oh  
Should I be happy for this?  
What has happened?

Three steps and I'll forget everything  
Turned into a rooster this morning  
Three steps and I'll forget everything  
Turned into a rooster this morning

This world is not revolving  
Around them in center  
We live our lives moving around the sun  
That's why I'll wake at sunrise  
And cry out f\*ckin' loud and  
Won't even think about the reason why

Oh Oh  
I think I'm in deep shit now  
Oh Oh  
Should I be happy for this?  
What has happened?  
What has happened?  
What has happened?

Three steps and I'll forget everything  
Turned into a rooster this morning

Three steps and I'll forget everything  
Turned into a rooster this morning

Three steps and I'll forget everything

Three steps and I'll forget everything  
Turned into a rooster this morning

Time to crow...
