

Cinnamon Temple

Hiatus Kaiyote

I, Exodus
I go to cinnamon temple to release the pressure
Release the pressure

As above, so below
Feed me fire, I need to release the pressure
Release the pressure
Release the pressure
Release the pressure

Fuck it up buttercup
Fuck it up buttercup
Fuck it up buttercup
Fuck it up buttercup
Be a visionary
Be a visionary
Shibari all around me
Shibari all around me
We go everywhere together
Everywhere together (everywhere)
Everywhere together (everywhere)
Everywhere together (everywhere)

I am living
I am livid
Jump the shark
We can rip the ego off
In it for a minute, it stopping traffic, I'm not finished
In it for a minute
And no sign of sink just swimming
With the power of a thousand tigers
Fire like a piranha
Killer Godzilla

Woo, woo, woo, woo
Woo, woo, woo, woo
Woo, woo, woo, woo
Woo, woo, woo, woo

I go to cinnamon temple to release pressure

Release the pressure
Release the pressure
Release the pressure
Release the pressure
Release the pressure
Release the pressure
Release the pressure
Release the pressure
