

Sphynx Gate / The World It Softly Lulls

Hiatus Kaiyote

Rarity glistened sharp
The memory of silver tooth bark
Bathed led light history
Fractured into pieces
And outside
Storm forks a snake tongue
Curls through my finger tips warm
A rouge streak ribbons around my skull

The world it softly lulls
The world it softly lulls
The world it softly lulls
The world it softly lulls

Rarity glistened sharp
The memory of silver tooth bark
Bathed led light history
Fractured into pieces
And outside
Storm forks a snake tongue
Curls through my finger tips warm
A rouge streak ribbons around my skull

The world it softly lulls
The world it softly lulls
The world it softly lulls
The world it softly lulls
