

# Fearless Will

Hibria

Here I am now, defying myself  
Controlling the anger inside me!  
I build my own path that guides me away  
Embracing who I really am

Here I go! (Here I go...)  
No more boundaries can stop me! (Here I am...)  
Higher senses are leading (Here I go...)  
Now I'm moved by my passion (Here I am...)  
Found the fuel I have left behind  
Fast and forward with no regrets  
Now is time!

One more chance, no more lies  
All I want is to empower my life  
Leaving behind my past life sins  
In my eyes all the gleams of my dreams  
On my way, now it's time!  
There's a shift, I'm rebuilding my mind  
Fearless will!  
Thoughts are clean  
In your eyes all the gleams of our dreams

Sometimes I hear a voice in my head  
A whisper unleashing my essence  
For all I have fought, I don't let it go  
My enemy is my inner me

Here I go! (Here I go...)  
No more boundaries can stop me! (Here I am...)  
Higher senses are leading (Here I go...)  
Now I'm moved by my passion (Here I am...)  
Found the fuel I have left behind  
Fast and forward with no regrets  
Now is time!

One more chance, no more lies  
All I want is to empower my life  
Leaving behind my past life sins  
In my eyes all the gleams of my dreams  
On my way, now it's time!  
There's a shift, I'm rebuilding my mind  
Fearless will!  
Thoughts are clean  
In your eyes all the gleams of our dreams

Now you can see beyond the sea of your fears  
You must dive and face  
Holding the will of your freedom

One more chance, no more lies  
All I want is to empower my life  
Leaving behind my past life sins  
In my eyes all the gleams of my dreams  
On my way, now it's time!  
There's a shift, I'm rebuilding my mind  
Fearless will!

Thoughts are clean  
In your eyes all the gleams of our dreams

Fearless will!  
Thoughts are clean  
In my eyes all the gleams  
All the way  
Here we go!

In my eyes all the gleams of the way we go!
