

# Fool's Paradise

Hibria

Greed is back! Watch out!  
The nest war is runnin'  
And you do know you are the next  
Revival of the greediest men on Earth  
Money is growing through my brain,  
I'll get the power to remain

Cashlovers seek for it to the end  
Leader of the heartless men, that's my trend  
There is only me with my strength  
Me and the power, there's no falling

When I'm here  
When I close my eyes it lets me fly away  
When I'm here  
When I close my eyes I'm burning inside

Lost in the shadows, there is a hole destroying all my soul  
Lost in the world I will keep myself alone  
Yes, I am the greediest man on Earth  
Money is growing through my brain,  
I'll get the power to remain

When I'm here  
When I close my eyes it lets me fly away  
When I'm here  
When I close my eyes I'm burning inside  
Lost in the shadows I realized my fool's paradise
