Hibria

FOREVER, SURRENDER  
EFFECTS OF WAR  
A WITNESS OF LOVED ONES  
FACING DEATH

I don't need this  
Don't wanna see this  
There's a red ground under my feet  
Children killed and maimed by the bombs of war

It's all that's left  
Throw away your past  
It's all that's left  
That's the war effect

I don't wanna live a deadly legacy for years NO, NO  
I will rewrite my story - no more rapes  
I don't wanna live a deadly legacy for years NO, NO  
I'm on my knees but I will rise and be the one

DISASTERS, DISORDERS TO MY STRESS  
REACTIONS, BESIDES DEATH  
CHILDHOOD UNDER THREAT
