

The First Note Is Silent

High Contrast

Living alone
I'm feeling naked and alone
Falling out to nothing

Chaos like a cloak
Like a cloud
Noises in my head

Beauty, behind me a bird sing
Battles in our world
Like music, probably wake up blind

Living alone
Living alone

Falling out of nothing into everything
Falling out of nothing into everything

Living alone
Living alone

Falling out of nothing into everything
Falling out of nothing, nothing, nothing
