

Ivy

High Highs

Try to look the other way
Try to look the other way
No one will stop you
No one will stop you

Try to look the other way
Try to look the other way
No one will stop you
No one will stop you

Caught in the ivy
I'm caught in the ivy
Pull me in closer
You pull me down in the snow

Caught in the ivy
Caught in the ivy
You pull me in closer
You pull me down in the snow

No reason to leave
No reason to go
