Slow It Down

High Highs

Slow it down
So your frame lay still
For to keep the sheets from blowing off

I misjudged
In light nor dayu
I'll pull you back up by the string

Oh the wind is blowing
Oh you'll never know it
Oh the wind is blowing
In the dark

Lock the door
So you never leave
On the waterfall
I'll lie you down

Oh the wind is blowing
Oh you'll never know it
Oh the wind is blowing
In the dark
