Darker Fleece

High on Fire

The fiery steps of Mars, unleashed
Hot ash, the whirlwinds carry seed
A devastation less conceived
The bones of man, the stone of Eve

An ordinal of alchemy
The snake of Eden, slithering
Moses and mountains, death and grief
A golden calf of disbelief
I can see

Genetic genus hints disease
Purification on our knees

A cure of Hell and darker fleece
Mystic river, the beings that bleed
The vitrified dead city sleeps
Sinew and carrion, our feast

Unholy flames makes way for beasts
We cross unto the ethereal seas
Murder of angels by the kings
Order of dominance, soul thieves
We believe

To look for light where one can't see
We walk through Helheim's lifeless seas
Rest trust upon supreme standings
A hope where water's life recedes
And I believe
