

## Lightning Beard

### High on Fire

Widowmaker, tooth and nail  
The gear rams the catapult in  
Devastator, annihilation  
Slingshot adrenaline kicks

Drifting the corners at speed  
Adrenaline, posi' breaks free  
Doom catapulting, I am stealing the holeshot again

Gas forsaker, hyper railer  
Fiery plumes when kicked in  
Slave to grind and my gears concise  
Past the last chance by miles

Drifting the corners at speed  
Adrenaline, posi' breaks free  
Sick horses vaulting, I am stealing the holeshot again

Gears of the super beast clash  
Taking the weaker for cash  
Doom catapulting, I am stealing the holeshot again

All the muscle, nitrous hustle  
Playing the asphalt again  
Death score is settled, foot on the peddle  
Slam on the throttle and maim

Drifting the corners at speed  
Adrenaline, posi' breaks free  
Doom catapulting, I am stealing the holeshot again

Gears of the super beast clash  
Taking the weaker for cash  
Sick horses vaulting, I'm stealing the holeshot again
