

Be You

High Valley

Never gonna be the whiskey
Never gonna be the smokes
Never gonna be something running through my veins
Make me lose control
Ain't no one of them stronger than the one thing
That never lets me go

It's always gonna be you, be you
I'm always gonna need you, need you
Sometimes I wake in the dead of night
Just to see your face in the moonlight
I just gotta have you, have you
Baby, so bad you don't even know what you do to me
It's the kiss and the touch and the rush that I run to
It's always gonna be you

Ain't gonna be no job
Ain't gonna be that money
No, all I'm gonna be chasing
Is your love, honey
With every day I'm given girl
You're gonna find me living for you
Down to my last breath

It's always gonna be you, be you
I'm always gonna need you, need you
Sometimes I wake in the dead of night
Just to see your face in the moonlight
I just gotta have you, have you
Baby, so bad you don't even know what you do to me
It's the kiss and the touch and the rush that I run to
It's always gonna be you

Ain't nobody else
Keep me coming back, can't help myself
Gonna be you, be you, for me

It's always gonna be you
I'm always gonna need you

It's always gonna be you, be you
I'm always gonna need you
Sometimes I wake in the dead of night
Just to see your face in the moonlight
I just gotta have you, have you
Baby, so bad you don't even know what you do to me
It's the kiss and the touch and the rush that I run to
It's always gonna be you, yeah
It's always gonna be you
