

Country Music, Girls & Trucks

High Valley

Yeah, our roots are laid down here
Taught to walk the line 'round here
Gotta be 4x4, born and raised
Ain't gonna change
It's in the water, it's in the dust
It's in the songs that make us us

That's who we are, that's how we roll
Little 9 to 5, blowin' diesel smoke
Little shotgun rider just slidin' close
Throw back Alabam' on the radio
That's how it is and that's how it was
Them small town dads and mamas
'Round here they raise us up to love
Country music, girls and trucks
Country music, girls and trucks

Find ya one that'll crank Bocephus
Look for one that talks to Jesus
Settle down with the one ain't leavin'
This ride around, slow it down, two-lane town

That's who we are, that's how we roll
Little 9 to 5, blowin' diesel smoke
Little shotgun rider just slidin' close
Throw back Alabama on the radio
That's how it is and that's how it was
Them small town dads and mamas
'Round here they raise us up to love
Country music, girls and trucks
Country music, girls and trucks

It's in the water, it's in the dust
It's in the songs that make us us

That's who we are, that's how we roll
Throw back Alabam' on the radio
That's how it is and that's how it was
Them small town dads and mamas
'Round here they raise us up to love
Country music, girls and trucks
Country music, girls and trucks

That's who we are, that's how it was
Country music, girls and trucks
