

# Solid Ground

High Valley

When my world is shaking underneath my feet  
I feel it crumbling all around me  
Though there's trials I face Hallelujah I believe  
That I have found my solid ground

On this straight and narrow road you set me on  
You've gone before me, guiding me along  
When it's you I follow, Lord I can't go wrong  
'Cause I have found my solid ground

On Christ's solid rock I stand  
All other ground is sinking sand  
Through the pain, through the doubt  
I can feel you hold me now  
Jesus you're my solid ground  
My solid ground  
My solid ground

There's a home on high I'm waiting on  
This world is not where I belong  
Until your glorious kingdom comes  
My hope is found on solid ground

On Christ's solid rock I stand  
All other ground is sinking sand  
Through the pain, through the doubt  
I can feel you hold me now  
Jesus you're my solid ground  
My solid ground  
Oh, my solid ground  
You're my solid ground

On Christ's solid rock I stand  
All other ground is sinking sand  
All other ground is sinking sand  
On Christ's solid rock I stand  
All other ground is sinking sand  
All other ground is sinking sand

On Christ's solid rock I stand  
All other ground is sinking sand  
Through the pain, through the doubt  
I can feel you hold me now  
Jesus you're my solid ground  
On Christ's solid rock I stand  
All other ground is sinking sand  
Through the pain, through the doubt  
I can feel you hold me now  
Jesus you're my solid ground  
My solid ground  
Oh, my solid ground  
You're my solid ground  
My solid ground
