

Deserve It

High Vis

You can't take what isn't there to give
To live and to try
I just wish you'd try to live

When we go, we go together
Still not everywhere
Seen enough?
Are you tired of trying?
I'm tired of trying
Trying to make you care

Do you not deserve it?
Does it not feel worth it?
Do you not deserve it?

You can't take what isn't there to give
To live and to try
I just wish you'd try to live

Comforting negativity
Emotional austerity
Are you coming down?
Are you coming down with me?

Do you not deserve it?
Does it not feel worth it?
Do you not deserve it?

Deserve it
Deserve it
Deserve it
