

Mind's A Lie

High Vis

Do you wanna give a chance to try?
Cross the line
Just to get by
Exhaust the fuel
We rinsed it dry
What is truth
When your mind's a lie?
When your mind's a lie?

Face to face
With all I've known
But I can't call these thoughts my own
Redemption so far beyond me
Paranoid, alone and lonely

Do you wanna give a chance to try?

Cross the line
Just to get by
Exhaust the fuel
We rinsed it dry
What is truth
When your mind's a lie?
When your mind's a lie?

Face to face
With all I've known
But I can't call these thoughts my own
Redemption so far beyond me
Paranoid, alone and lonely

Come on, give a chance to try
What is truth
When your mind's a lie?

Come on, give a chance to try
What is truth
When your mind's a lie?
