Egomaniac

Highasakite

What if you were the last one left?
What if you did this to yourself?
Don't leave me when the lights go out
Suppose you did this to yourself

Ooh, don't leave me now
I'm here now
I'm your love
Ooh, don't leave me now
I'm here now
I'm your love

Who said you had a true born heart?
And who told you you are kind?
Don't leave me as the ocean rises
What if you did this to yourself?
Ooh, don't leave me now
I'm here now
I'm your love
Ooh, don't leave me now
I'm here now
I'm your love

Your leaves are turning black with rust
You're the mind of an egomaniac
You're the mind of an egomaniac
The sun is fading black with smog
Like the mind of an egomaniac
You're the mind of an egomaniac

Why do you lie awake at night?
And why do you sometimes seem polite?
Don't write your prayers on the wall
I know you're holy out of spite

Ooh, don't leave me now
I'm here now
I'm your love
Ooh, don't leave me now
I'm here now
I'm your love

Your leaves are turning black with rust
You're the mind of an egomaniac
You're the mind of an egomaniac
The sun is fading black with smog
Like the mind of your egomaniac
You're the mind of an egomaniac

Ooh, don't leave (don't leave)
I'm here now
I'm your love
Ooh, don't leave (don't leave)
I'm here now (I'm here now)
I'm your love (I'm your love)

Ooh, don't leave me now

I'm here now
I'm your love

Ooh, don't leave (don't leave)
I'm here now (I'm here now)
I'm your love (I'm your love)

I'm here now (I'm here now)
(I'm your love)
