

I just moved here

Highasakite

Can I come with you
I just moved here
And I don't wanna fall apart
And I've had the best time with you

Can we walk slowly
Cause I'm new here
And I don't know these streets by heart like you do
I've had the best time with you

You could mean the world to me
You could be the sun, the moon, the stars
I'm so full of hope
You could mean the world to me tonight
Don't make me walk alone
I'm so full of hope
But it's over ones the day breaks
I'm so full of hope
But it's over ones the day breaks

Can I hold your hand
Cause it's freezing
And I just want a fresh new start
I've had the best time with you

Boy can you see me
It's so quiet
No lights, no rain, no radio
I've had the best time with you

You could mean the world to me
You could be the sun, the moon, the stars
I'm so full of hope
You could mean the world to me tonight
Don't make me walk alone
I'm so full of hope
But it's over ones the day breaks
I'm so full of hope
But it's over ones the day breaks
