

# Keep That Letter Safe

Highasakite

It doesn't make all cloudy days worthwhile  
It doesn't make much sense to walk that extra mile  
To assign you properties that are not real  
And throw all my former knowledge into the field

Oooh oohh oohh oh  
(Some were born to end this night)  
Some were born to be a hunter  
Some were born to move away and never come back  
Some were born to be a kisser  
Not even stone, not even rain can kiss like that

It doesn't make up time we should have had  
It only makes hours and minutes go miles  
To assign you properties that are not true  
And throw all my better knowing into the blue

(Some were born to end this night)  
Some were born to be a hunter  
Some were born to move away and never come back  
Some were born to be a kisser  
Not even stone, not even rain can kiss like that

I never saw it coming  
I've been breathing in the fucking ground  
I never saw it coming  
I've been breathing in the fucking ground

Some were born to be a hunter  
Some were born to move away and never come back

Keep that letter safe  
Don't wipe all out that you were here  
Oh keep it safe  
Don't wipe all out that you were here  
(Some were born to end this night)  
I never saw it coming  
I've been breathing in the fucking ground  
I never saw it coming  
I've been breathing in the fucking ground

Some were born to be a hunter  
Some were born to move away and never come back  
Some were born to be a kisser  
Not even stone, not even rain can kiss like that

(Kiss like that)  
(Kiss like that)  
Some were born to be a kisser  
Not even stone, not even rain can kiss like that
