

# Messiah

Highasakite

Call out if you can hear me?  
Call out if you can hear me?  
Hollar out  
I was your messiah  
I was your messiah

Hold my hand while I'm gliding  
Hold my hand while I'm gliding  
Like a dancer  
I was your messiah  
I was your messiah

Oh God my  
Oh God my hands are gone  
My hands are torn off  
I can't hold the roof no longer  
Oh, love, hold on with me  
My decline has started  
Lay it on your heart and go now

Call out if you can hear me?  
Call out if you can hear me?  
Hollar out  
I was your messiah  
I was your messiah

Cancel the ride, you just got here  
Cancel the ride, you just got here  
Hang around  
I was your religion  
I was your religion

Oh God my  
Oh God my hands are gone  
My hands are torn off  
I can't hold the roof no longer  
Oh, love, hold on with me  
My decline has started  
Lay it on your heart and go now
