

My Mind Is a Bad Neighborhood

Highasakite

We started lighting up the city like you?
We started gliding up the city like you?
My mind is a bad, bad neighborhood
My mind is a bad, bad neighborhood
Either you are with us, or you' with the terrorists
Either you are with us, or you' with the terrorists
My mind is a bad, bad neighborhood
My mind is a bad, bad neighborhood
The more time you spend?
I was? that I've changed
The more time you spend?
I was always the silent one that I caved
We started lighting up the city like you?
We started gliding up the city like you?
We started lighting up the city like you?
We started gliding up the city like you?
My mind is a bad neighborhood
My mind is a bad neighborhood
Either you are with us, or you' with the Rebellion
Either you are with us, or you' with the Rebellion
My mind is a bad, bad neighborhood
My mind is a bad, bad neighborhood
The more time?
I was? that I've changed
The more time?
I was always the silent one that I caved
We started lighting up the city like you?
We started gliding up the city like you?
We started lighting up the city like you?
We started gliding up the city like you?
