

So cold

Highasakite

Oh, it makes you sick to hear me cry
So loudly
My pain is suspicious
And it makes you cringe to see my love
So godly
Love is suspicious

And it makes it hard to hold my hand
You're so proud, boy
Love is suspicious
And it makes it hollow under, too
So awkward
It's all so suspicious

I can hardly breathe
I can hardly breathe at all
I'm so cold

I'm just so cold
Just so cold
Goddamn, I'm just so cold
Now, let me breathe
Give me air, and love me again
A crying woman is a scheming woman

Oh, it makes you sick to hear me cry
So loudly
My pain is suspicious
And you only sleep so dignified
You're so proud, boy
Love is suspicious, hmm

I'm just so cold
Just so cold
Goddamn, I'm just so cold
Now, let me breathe
Give me air, and love me again
A crying woman is a scheming woman

And I can hardly breathe
I can hardly breathe at all
I'm so cold

I'm just so cold
Just so cold
Goddamn, I'm just so cold
Now, let me breathe
Give me air, I love me again
A crying woman is a scheming woman

I can hardly breathe
I can hardly breathe at all
I'm so cold
Mmm

I can hardly breathe at all
I'm so cold
