

Under The Sun

Highasakite

I've lost my rights
And it isn't that big of a deal
I've lost my heart
And it isn't that far from the truth

I've lost my house
Are you glad to see me on the run?
I've lost my faith
You seem glad to see me come undone

Say it isn't that hard
No matter what you say, it's sounding like a lie
Save a place for me under the sun
And say it isn't that hard

I've lost my way
And it isn't that hard to believe
I've lost my head
Like it wasn't supposed to be there
I've lost some sleep
You seem pleased to see me walk alone
I've lost my grip
You seem pleased to see me overthrown

Say it isn't that hard
No matter what you say, it's sounding like a lie
Save a place for me under the sun
And say it isn't that hard

Say it isn't that hard
No matter what you say, it's sounding like a lie
Save a place for me under the sun
And say it isn't that hard

Say it isn't that hard
No matter what you say, it's sounding like a lie
Save a place for me under the sun
And say it isn't that hard

Say it isn't that hard
Say it isn't that hard
