

Winners Don't Come Easy

Highasakite

(Who's there?)
I made my bet,
I made some friends,
I made my way from nothing,
I broke my bones,
I broke some hearts,
I broke some promises,
Winners don't come easy, they say,
We say it is easy,
Winners don't come easy, they say,
We say it is easy,
The winners don't come easy,
The winners don't come easy,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us,
Who's there?
Who's there?
Who's there?
Who's there?
I made my bet,
I made some friends,
I made my way from nothing,
I broke some bones,
I broke some hearts,
I broke some promises,
Winners don't come easy, they say,
We say it is easy,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us,
That's what the doctor and the scientist told us,
All of them,
That's what the doctor and the scientist told us.
